

August Family Project

For the month of August, we are focusing on “Getting to Know You!”. I am sending home a sheet of paper for your family to create a page about you and your family. You can use family pictures, decorations, stickers, labels, or any other creative touches you can find! Each student will be able to share their page with the class. Then, I will compile all of the pages into a class book.

Be creative. Include all of your family members. Most of all, have fun doing it!

Please return your album page by:

Friday, August 24, 2018!

Thank you!
