

October Family Project

Dear Families,

For the October Family Project please decorate a pumpkin as a family and return it no later than Friday, October 19th! We will be displaying them in the hall. The pumpkin may be decorated in any way you would like. Start by making a plan and then gather materials. Be creative with anything you have around the house: seeds, fabric, paint, feathers, crayons, cotton balls, bows, noodles, cereal, etc. Some ideas have included pirate pumpkins, princess pumpkins, tissue paper covered pumpkins and even patchwork pumpkins! Be creative. I hope your family will have fun working together on this project. Please remember that the purpose of these Family Projects is not only to have fun with your family, but to encourage speaking and listening skills. Have Fun!!
