

# December Family Project

## Gingerbread Cookie

During the month of December we will be reading several different versions of the classic fairy tale, The Gingerbread Man. Please work with your child to create a disguise for the attached gingerbread cookie so he (or she) won't be caught. You may choose to disguise your gingerbread cookie any way you would like. Have fun and make sure to include all family members in the project.

1. Decorate your cookie with materials you already have in your home. Be creative, the possibilities are endless! Here are some ideas to get you started:

- Fabric
- Scrapbook paper
- tissue paper
- Markers

2. On the back of the cookie please write what disguise your cookie is wearing.

3. Please make sure your child writes his or her name on the back of the Gingerbread Man as well.

4. When your project is complete please return it to your child's teacher!

Thank you in advance for your participation!
